

Traditional side-hinged doors in steel and timber – Quality craftsmanship and attractive, traditional appeal

Garador's traditional side-hinged doors combine robust and reliable performance with simple personal access. These doors are fitted with a lever handle inside and out, providing easy access at all times. For added security, the option of an outside knob is available. Side-hinged doors come with equal sized leaves, with the right hand leaf leading as standard. 1/3 - 2/3 leaf configurations and/or left hand leading doors are available on request. For side hinged door options, please see pages 32 - 35.
